## **DETAILED ACTION**

### ***Claims***

1. The amendment filed October 11, 2005 proposes amendment to the claims that do not comply with 37 CFR 1.173(b), which set forth the manner of making amendments in reissue applications. A supplemental paper correctly amending the reissue application is requested.

For instance, the claims filed on October 11, 2005 are not in proper format. All new claims (claims 40-45 and 50-52) must be underlined without strike-throughs or brackets and patented claims 1-5, 7-35, 38 and 39 must be amended using brackets for deletions and underlining for new material added. See, 37 CFR 1.173(b)(2) and (d) and MPEP § 1453.

### ***Oath/Declaration***

2. In accordance with 37 CFR 1.175(b)(1), a supplemental reissue oath/declaration under 37 CFR 1.175(b)(1) must be received before this reissue application can be allowed because for any error corrected, which is not covered by an oath/declaration (i.e. any error corrected after the filing of all oaths and declarations currently in the reissue applications), Applicant **MUST** submit a supplemental oath/declaration prior to allowance.

Receipt of an appropriate supplemental oath/declaration under 37 CFR 1.175(b)(1) will overcome this rejection under 35 U.S.C. 251. An example of acceptable language to be used in the supplemental oath/declaration is as follows:

Art Unit: 2856

"Every error in the patent which was corrected in the present reissue application, and is not covered by a prior oath/declaration submitted in this application, arose without any deceptive intention on the part of the applicant."

See MPEP § 1414.01 and MPEP § 1444 for handling supplemental oaths and declarations .

3. Claims 1-5, 7-35, 38-45 and 50-52 are rejected as being based upon a defective reissue declaration under 35 U.S.C. 251 as set forth above. See 37 CFR 1.175.

The nature of the defect(s) in the declaration is set forth in the discussion above in this Office action.

#### ***Response to Amendment***

4. Applicant's arguments with respect to claims 1-5, 7-35, 38-45 and 50-52 have been considered but are moot in view of the new ground(s) of rejection.

#### ***Allowable Subject Matter***

5. Claims 1-5, 7-35, 38-45 and 50-52 are allowable over the prior art of record.

#### ***Conclusion***

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
